

VACON

CHAMBERSBURG, PA

The 67,000 sq ft, single story structure is the new North American Headquarters for Vacon, Inc located in Vaasa, Finland. Completed in just 8 months and certified LEED Gold, the building contains 17,000 sq ft of office space and a 50,000 sq ft lab, testing, assembly and distribution facility. A state-of-the-art electrostatic discharge floor system is incorporated throughout the entire production and R&D area.

Features include a high efficiency lighting package, programmable HVAC controls and increased insulation which result in approximately 18% energy savings over baseline. The use of waterless urinals and low flow plumbing fixtures result in a 47% water usage savings equaling 77,000 gallons per year. During construction, 82% of construction waste was diverted away from landfills.
